

## Hors D'oeuvres Party Menu Information

Here's what we recommend for menu item selection and some other info when using the Hors D'oeuvres/Party Menu:

Select no more than 10-12 items total and, in many cases, you may need fewer items.

**Stationary starters:** Have 1 or 2 stationary items - finger foods - available upon arrival for nibbles while guests mingle and get drinks. Our Cheese & Cracker Tray, Vegetable Crudités, or Pinwheel Sandwiches are a great start to the event.

**Passed Items:** select 2 or 3 passed items, a combo of cold and/or hot. The dedicated servers for your event will pass (butler) these items to your guests.

**Stationary on Buffet:** select no more than 8 items for the main buffet table, but depending on the number of guests, 6 may suffice. Chicken wings (of course!), pasta, meatballs, stromboli, etc. are all good choices. Our Carved Meats are served in chafers with mini rolls and condiments so guests can make slider sandwiches if they like.

**Dessert:** You can order trays of our dessert selections. These are on a platter placed on a dessert table for guests to serve themselves. Or you can bring your own dessert; we do not charge a cake-cutting or dessert plating fee.

Things to keep in mind:

- each item, except chicken wings, is priced for 25 pieces or servings. Examples: the Shrimp Cocktail bowl has exactly 25 shrimp. The meatballs have more than 25 meatballs but will serve 25 people.
- Chicken wing trays have 60 wings
- We can make recommendations for how many of each item you should order based on the number of guests. Example: you have 35 guests but since each item serves 25 people, should you order 2 of each? For some items maybe, but for most items no, you won't need two. We can advise you about this.

If you have children at your event, we offer kids meals at \$11.95 for those 10 and under so you don't have to order trays specifically for kids unless you have many kids attending. You can see the kids' menu items on our website at [jtimothys.com](http://jtimothys.com) Private Events—>Menus

Please get in touch if you have any questions. Thank you!
